

Good Morning,

At the heart of Operation Sight's work are the people we serve.

They are genuine, extremely grateful, and excited for the opportunity to receive services from Operation Sight.

The best part of my day is often speaking with our program participants and their families. I enjoy getting to know them and I learn something new every day. From where the best BBQ places are around Lake Marion to their family's history establishing a small town in South Carolina, our participants are always willing to share their insights and experiences.

I am not only grateful for the work I get to do with our participants, but also with our dedicated volunteers and community partners. I invite you to continue reading below as we highlight two of our current partners in this month's newsletter.

Kindest regards,

*Taryn*

### **The Shifa Clinic**

At the beginning of February, our Executive Director was able to go on a tour of the new Shifa Clinic. The clinic, located on Daniel Island, is a beautiful facility run by Dr. Kahn and her team. With their new facility, they are able to offer additional services including a food pantry and vision clinic once a month.

We are excited for their team and to work with them in the future!

To learn more about the Shifa Clinic and the wonderful work they are doing visit:

## The Physicians' Eye Surgery Center

The Physicians' Eye Surgery Center is Operation Sight's main surgery center, located in Charleston's West Ashley neighborhood.

We would like to thank the surgery center and its entire staff for all they do to assist our program participants.

## THANK YOU!

This work would not be possible without our volunteers, partners, and past supporters who have generously donated their time, money, and resources.

We can't thank you enough for your past support and look forward to what we can achieve together in the future.
