

March Newsletter

Good Morning,

Spring signifies new life and new opportunity. I often think of Operation Sight in the same way – providing new opportunities and hope for a brighter future. I saw this most recently when speaking to an Operation Sight family.

It was the day after surgery and his sister told me, “He bloomed overnight!” and that Operation Sight’s services brought him hope for the future again. He was already starting to make plans and talked about taking on woodworking jobs again, something he didn't think possible a few months ago.

Hearing stories of renewed hope fills me with gratitude for the individuals and family members I have the privilege to work with and the volunteers and supporters that make it possible.

With sincere gratitude,

Taryn

Recognizing our Doctors!

March 30th is Doctor’s Day. A day to celebrate the physicians who change the lives of their patients everyday.

Operation Sight physicians volunteer 100% of their time to provide exceptional care to our program participants. They and their teams go above and beyond to show kindness and respect to Operation Sight patients.

“Everyone has shown respect and concern for my well-being from the start through the end!”

Walterboro Resident
Operation Sight Participant

Join us in celebrating our volunteer physicians by making a donation in their honor today. ***Donate Today!***
