

September Newsletter

Dear Friend,

Today marks a year that I have had the honor of being Operation Sight's Executive Director.

As I reflect on the last 12 months, I am heartened by the people I have had the privilege of working with; from Operation Sight beneficiaries who have shared their personal stories and insights with me to the volunteers who generously give their time, expertise, and resources to better the lives of their patients. I am also extremely grateful to our Board of Directors and Medical Advisory Board members who have guided me and are dedicated to continuing to improve the organization.

Celebrating this personal milestone, I am even more excited for the amazing work yet to be done and future celebrations.

This **Friday, September 22 is Operation Sight's 12th "Birthday!"** Another day to reflect and celebrate the 755 surgeries we have provided in the last 12 years.

On October 12, Operation Sight will be partnering with **East Bay Deli to celebrate World Sight Day** and in January we will host our first annual **20/20 Vision** event at High Wire Distilling. I invite you to scroll down in this email to learn more about both initiatives.

I look forward to sharing more with you all in the months ahead and want to express my sincere gratitude for all you have done to support the work of Operation Sight.

I am excited to continue to lead this organization and follow in the footsteps of Cindi Solomon and our founding physicians, Dr. John Boatwright, Dr. Paul Herring, and Dr. Kerry Solomon.

With sincere gratitude,

Taryn

Taryn Mason
Executive Director

World Sight Day

Enjoy dinner at East Bay Deli on World Sight Day, Thursday, October 12 from 4pm until close and make a difference in the lives of

10% of sales at all locations will be donated to Operation Sight!

South Carolinians.

We're excited to partner with all 11 East Bay Deli locations across South Carolina. 10% of sales at all locations will be donated to Operation Sight.

20/20 Vision

Join us January 27th at 6pm for *20/20 Vision* and help support the work Operation Sight is doing to provide sight-saving surgeries for South Carolinians suffering from cataracts or urgent, sight-threatening retina disorders.

The evening will feature 20 pieces of artwork for sale, an engaging program, hors d'oeuvres, and cocktails from High Wire Distillery. 100% of the proceeds from all art sales will go to benefit the work of Operation Sight.
